### MN Department of Labor and Industry

Greater Minnesota    **800-DIAL-DLI (342-5354)**

Duluth                **800-365-4584** | **218-723-4670**

Call the MN Department of labor and Industry if your concern isn't resolved within 30 days to your satisfaction.

## **When you're injured at work**

If you're injured at work, notify your supervisor as soon as you can. Your supervisor or another employer designee can help you fill out the paperwork for submission of your workers' compensation claim. Call the HealthPartners CareLine service. If emergency care is needed, call 911. If you're not able to call the CareLine, your supervisor or employer designee can call for you.

## **CareLine**

The CareLine staff is available 24/7 by calling **952-883-5484** or **888-544-5484**. They'll provide self-care instructions and refer you to your employer's HealthPartners WCMCP designated clinic. If urgent care is needed, they'll help you find a convenient location. The CareLine staff will provide the name, address and phone number of the designated clinic. Minnesota Rule 5218 and the HealthPartners WCMCP allows the employer/insurer to direct an injured worker to the designated clinic for the initial evaluation.

## **Initial evaluation**

Because your employer has chosen HealthPartners WCMCP, if you need treatment and it's not an emergency, you must schedule your initial evaluation at your designated clinic. You should be seen within 24 hours. If you're not able to be scheduled within 24 hours, call the HealthPartners WCMCP case management line **952-883-5396** or **888- 779-3625** for assistance finding a provider.

## Follow-up care

You may continue to see the provider who performs your initial evaluation, or you may choose to see another HealthPartners WCMCP network provider for follow-up care. You may also choose to see a non-network provider with whom you have a prior treating history. Call the HealthPartners WCMCP case management line at **952-883-5396** if you want to change providers.

You may receive treatment from HealthPartners WCMCP network primary care, occupational health, chiropractor, podiatrist, Osteopath, or dentist, if the treatment is within the provider's scope of practice and appropriate for your injury or illness. They may refer you to a specialty provider. Call the case management line **952-883-5396** to discuss network options or contact your HealthPartners WCMCP nurse case manager directly. A nurse case manager may be assigned to you to help you get timely, appropriate medical care and help you get back to work.

You're required to receive services from a WCMCP network provider unless:

- It's an emergency
- Your job and home is more than 30 miles from a HealthPartners Workers' Compensation network provider and you live or work within the seven-county metropolitan area
- Your job or home is more than 50 miles from a network provider and you live or work outside the metro area
- You've been seen by a doctor at least two times in the last two years before your injury/illness and they have your medical records on file (if you change providers, however, you must see one in the network)
