## Section 1 – Introduction

This directory provides a list of HealthPartners® Classic MSHO Plan (HMO SNP)'s network providers and network pharmacies. You can request a copy of this provider directory at least once a year. This directory is updated yearly. To get detailed information about your health care coverage, please see your Certificate of Coverage.

The "network providers" listed in this directory have agreed to provide you with health care services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from out-of-network providers.

Out-of-network providers are providers that are not part of the network. If you use out-of-network providers, you may have to pay more. If you are looking for or have questions about a specific provider please call Member Services at 952-967-7029 or 1-888-820-4285 Monday through Friday, 8 a.m. to 8 p.m.

**Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, you should call that provider to ask whether he or she is still part of this health plan. You should also ask if they are accepting new patients. This health plan may not cover all your health care costs. Read your contract or Certificate of Coverage carefully to find out what is covered.**

### Member Services

If you are looking for or have questions about a specific provider, please call Member Services at 952-967-7029 or 1-888-820-4285 from 8 a.m. to 8 p.m., seven days a week. TTY users should call 952-883-6060 or 1-800-443-0156.

#### IHS and Tribal facilities/clinics

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For enrollees age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your health plan primary care provider prior to the referral.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor HealthPartners will be responsible for the costs.

We cover certain health care services that you get from non-network providers. These include care for a medical emergency, including hospital care after you are stable (known as post-stabilization), maintenance care, urgently needed care when you are temporarily out of the service area, care that has been approved in advance by HealthPartners and any services which were determined to be covered through an appeals process.

If a non-network provider asks you to pay for covered services you get in these situations, please contact Member Services at 952-967-7029 or 1-888-820-4285, seven days a week, between 8 a.m. and 8 p.m.

To submit claims, you should mail them to:

**HealthPartners Claims Dept.**  
8170 33rd Ave. S.  
P.O. Box 1289  
Minneapolis, MN 55440-1289

Provider information and Pharmacy information in this directory was current as of September 2010. Some network providers or pharmacies may have been added or removed from the list after this directory was printed. We do not guarantee that each provider is still accepting new patients. To get the most up-to-date information about HealthPartners® Classic MSHO Plan's network providers in your area, you can visit [healthpartners.com/msho](http://healthpartners.com/msho), call the provider directly, or contact Member Services at 952-967-7029 or 1-888-820-4285, seven days a week, between 8 a.m. and 8 p.m. TTY users should call 952-883-6060 or 1-800-443-0156.

## You can get help from your own Care Coordinator

When you join this plan your personal Care Coordinator will visit you. Care Coordinators explain benefits and how to make the health care network work best for you. Your Care Coordinator is a licensed health care professional.

This person can help you make good decisions about your health care. Some of the ways are by assisting with prescription drugs and refills. Your Care Coordinator can assist you when you make appointments for medical and dental care.

This is the person who can answer questions about transportation and interpreters. You can ask about meals, help with chores, companion services, and things you can do to make your home safer. Ask for help when you need it.

## Case Management Services

You may need Case Management Services as a member of HealthPartners® Classic MSHO Plan. A HealthPartners case manager will help you receive the best care possible. Case managers help you stay on your personalized treatment plan. In addition, case managers help identify and resolve barriers to care. Case managers can also link you with community and social supports.

# Dental care

Primary dental clinics are listed in alphabetical order. The listing is by state, by county and then by city. Look at the Provider Index to find a specific dentist.

You must choose a clinic from this listing. Each clinic has a clinic number which you can use when you enroll. The clinic number is listed below the clinic phone number. Choosing a clinic does not mean you will get to see a particular dentist. Tell the clinic when you make an appointment if you want to see a certain dentist. HealthPartners contracts with 231 facilities of this type.

# Pharmacies

## Introduction

This section provides a list of the HealthPartners® Classic MSHO Plan network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review your Certificate of Coverage and HealthPartners Medicare Drug Formulary.

If you have additional questions, please call our Member Services Department at 952-967-7029 or 1-888-820-4285 between 8 a.m. and 8 p.m., seven days a week. TTY users should call 952-883-6060 or 1-800-443-0156. Or, visit **[healthpartners.com/medicarerx](http://healthpartners.com/medicarerx)**.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by HealthPartners. In most cases, your prescriptions are covered under HealthPartners® Classic MSHO Plan only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Certificate of Coverage.

Beneficiaries must use network pharmacies to access their prescription drug benefit. Benefits, formulary, pharmacy network, premium and/or copayments/coinsurance may change on January 1, 2012.

For questions, visit our website at **[healthpartners.com/medicarerx](http://healthpartners.com/medicarerx)** or call Member Services at 952-967-7029 or 1-888-820-4285 between 8 a.m. and 8 p.m., seven days a week. TTY users should call 952-883-6060 or 1-800-443-0156.

This directory is current as of September 2010. A pharmacy’s listing in the directory does not guarantee the pharmacy is still in the network.

# Community pharmacies

# Urgent/after-hours care

HealthPartners is ready to help you handle medical problems. For urgent care needs during clinic hours, please call your clinic. For urgent care after your clinic's regular hours, you have several options:

- Call your clinic's after-hours line, if one is available
- Call HealthPartners CareLine<sup>SM</sup> service at 612-339-3663 or 1-800-551-0859 to speak to a registered nurse
- Walk in to any of the urgent care centers listed on the following pages

## What is the CareLine service?

Call our CareLine service to talk directly with skilled nurses who are specially trained to help you over the phone. A CareLine nurse might suggest home care, a visit to your clinic, a trip to an urgent care clinic or a visit to an emergency room.

Whatever your health care needs or questions, CareLine nurses will give you guidance based on the condition you describe and, if necessary, direct you to the facility that is most appropriate for your situation. They'll even contact the urgent care center so they're prepared to meet your needs when you arrive.

## What urgent care centers are available?

The urgent care centers listed on the following pages are available to all HealthPartners members — just walk in. In addition, some clinics offer urgent care on site (see clinic listings). The urgent care centers affiliated with your primary care clinic will most likely be able to get access to your medical records and more easily coordinate any needed follow-up care. HealthPartners contracts with 61 facilities of this type.

## Other important information

### Care utilization management programs

Part of helping our members stay healthy is making sure they get the care they need when they need it. To help coordinate effective, accessible and high-quality health care, HealthPartners uses utilization management programs. These programs are based on the study of patient populations to evaluate appropriate levels of care. They use guidelines for the best medical practices based on the most up-to-date medical evidence.

Our utilization management programs include activities to reduce the underuse, overuse and misuse of health services. These programs include:

- inpatient concurrent review and care coordination to ensure a safe and timely transition from the hospital
- “best practice” care guidelines for selected kinds of care
- outpatient case management to provide care coordination
- the CareCheck program to coordinate out-of-network hospitalizations

Prior approval is required for a small number of services and procedures. These are listed on **healthpartners.com** and are also available by calling Member Services. Typically, your doctor will request this approval on your behalf. Decisions about coverage are based on coverage criteria, which are also posted on **healthpartners.com** and available from Member Services.

HealthPartners does not employ incentives that encourage barriers to care and service. Our Outcomes Recognition Program rewards doctors who achieve the highest levels of quality and service to patients.

## Appropriate use and coverage of prescription medication

We strive to provide our members with coverage of medications that are high quality, safe and cost-effective. We do this in several ways, including use of:

- A prescription drug formulary of medications that have been reviewed and approved for coverage based on quality, safety, effectiveness and value.
- A program to assist members who require many different medications to avoid unintended drug interactions.

The list of prescription drugs on the HealthPartners Medicare Formulary is on [healthpartners.com/medicarerx](http://healthpartners.com/medicarerx), along with information on how drugs are reviewed, the criteria used to determine which drugs are added to the formulary, how you can request coverage of nonformulary drugs, and more. You can also get this information from Member Services.

## Our approach to protecting personal information

As a health plan, we comply with federal and state laws regarding the confidentiality of medical records and personal information about our members and former members. We've developed policies and procedures to ensure that the collection, use and disclosure of such information complies with the law. Whenever necessary, we obtain consent or authorization from our members, or an approved member representative, when the member is unable to give consent or authorization for disclosure of personal information. We give members access to their own information consistent with applicable law and standards. Our policies and practices are designed to facilitate appropriate and effective use of information, internally and externally, to enable us to serve our members and improve the health of our members, our patients and the community, while being sensitive to their privacy. If you would like a copy of our privacy notice, please visit [healthpartners.com](http://healthpartners.com) or call Member Services. For your provider's privacy policy, please contact your provider directly.

### ENROLLEE INFORMATION

- (1) **COVERED SERVICES:** Services provided by the plan will be covered only if services are provided by participating providers or authorized by those providers, except for emergency care or urgently needed care or as provided under the travel benefit. Your contract fully defines which services are covered and describes procedures you must follow to obtain coverage.
- (2) **PROVIDERS:** Enrolling in this plan does not guarantee services by a particular provider on the list of providers. When a provider is no longer part of the plan's network, you must choose among remaining network providers.
- (3) **REFERRALS:** Certain services are covered only upon referral. Please see your contract for referral requirements. All referrals to providers outside the participating network and certain types of health care providers must be authorized by a participating network provider.
- (4) **EMERGENCY SERVICES:** Emergency services from providers who are not affiliated with the health plan will be covered only if proper procedures are followed. Your contract explains the procedures, benefits and limitations associated with emergency care from plan providers and non-plan providers.
- (5) **EXCLUSIONS:** Certain services or medical supplies are not covered. Please read your contract for a detailed explanation of all exclusions.
- (6) **CANCELLATION:** Your coverage may be canceled by you or by this plan only under certain conditions. Your contract describes all reasons for cancellation of coverage.

HealthPartners has several different kinds of reimbursement arrangements with its providers.

Our goal in reimbursing providers is to provide affordable care for our members while encouraging quality care through best care practices and rewarding providers for meeting the needs of our members. Several different types of reimbursement arrangements are used with providers. All are designed to achieve that goal.

Some providers are paid on a "fee-for-service" basis, which means that the health plan pays the provider a certain set amount that corresponds to each type of service furnished by the provider.

Some providers are paid on a "discount" basis, which means that when a provider sends us a bill, we have negotiated a reduced rate on behalf of our members. We pay a predetermined percentage of the total bill for services.

Some providers are paid a "salary" with a possible additional payment made based on performance criteria such as quality of care and patient satisfaction measures.

Sometimes we have "case rate" arrangements with providers, which means that for a selected set of services the provider receives a set fee, or a "case rate," for services needed up to an agreed upon maximum amount of services for a designated period of time. Alternatively, we may pay a "case rate" to a provider for all of the selected set of services needed during an agreed upon period of time.

Sometimes we have "withhold" arrangements with providers, which means that a portion of the provider's payment is set aside until the end of the year. The year-end reconciliation can happen in one or more of the following ways:

- Withhold arrangements are sometimes used to pay primary care, specialty, referral or hospital providers who furnish services to members. The provider usually receives all or a portion of the withheld amount based on performance of agreed upon criteria, which may include patient satisfaction levels, quality of care and/or care management measures along with the financial performance of HealthPartners. Certain factors are measured to

determine if the provider has satisfied the withhold criteria, such as patient satisfaction, survey results and compliance with industry standards for preventative services, clinical guidelines and care management.

- Sometimes the amount of the withhold that the provider receives is based upon "cost targets" for care expenses. If total care costs are less than the cost target, all or a portion of the withheld amount is returned to the provider after the end of the year. Such cost targets include "stop-loss" protections which reduce the chance that treating patients with costly illnesses will have a direct negative impact on the provider's performance.

A provider may qualify to participate in a bonus program and receive additional payment if the provider meets certain performance criteria. Generally, these performance criteria are similar to the withhold criteria described above.

Some providers—usually hospitals—are paid on the "basis of the diagnosis" that they are treating; in other words, they are paid a set fee to treat certain kinds of conditions. Sometimes we pay hospitals and other institutional providers a set fee, or "per diem," for each day or according to the number of days the patient spent in the facility.

Occasionally, our reimbursement arrangements with providers include some combination of the methods described above. For example, we may pay a case rate to a provider for a selected set of services needed during an agreed upon period of time, or for services needed up to an agreed upon maximum amount of services, and pay that same provider on a fee-for-service basis for services that are not provided within the time period or that exceed the maximum amount of services. In addition, although we may pay a provider, such as a medical clinic, using one type of reimbursement method, that clinic may pay its employed providers using another reimbursement method.

Please check with your individual provider if you wish to know the basis on which he or she is paid.
