Section I – Introduction

This directory provides a list of HealthPartners® Freedom Plan network providers. To get more detailed information about your health care coverage, please see your Evidence of Coverage.

The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

What if I use non-plan providers to get my covered services?

"Non-plan providers" are providers that are not part of the HealthPartners® Freedom Plan network. You may use non-plan providers. However, if you use non-plan providers for care that is not emergency care, including maintenance and hospital care after you are stable (known as post-stabilization care), urgently needed care, or have not activated your Extended Absence benefit, you will have to pay the Original Medicare Plan out-of-pocket costs (such as copayment, coinsurance or deductible). Upon activation, your Extended Absence benefit provides the same level of coverage when you are outside the service area and within the United State. The service area for this plan is Minnesota and Western Wisconsin.

Emergency care can always been obtained in or out of the service area from the nearest available provider. When in the service area you must use plan providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers neither Medicare nor HealthPartners will be responsible for the costs.

What should I do if I have bills from non-network providers that I think should be paid by HealthPartners?

We cover certain health care services that you get from non-network providers. These include care for a medical emergency, including hospital care after you are stable (known as post-stabilization), maintenance care, urgently needed care when you are temporarily out of the service area, care that has been approved in advance by HealthPartners, any services which were determined to be covered through an appeals process, and as covered under the Extended Absence benefit.

If a non-network provider asks you to pay for covered services you get in these situations, please contact Member Services at 952-883-7979 or 1-800-233-9645, seven days a week, between 8 a.m. and 8 p.m. To submit claims, you should mail them to:

HealthPartners Claims Dept.
8170 33rd Ave. S.
P.O. Box 1289
Minneapolis, MN 55440-1289

You should never pay any non-network provider more than what the plan is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-network provider for our share of the bill and will let you know what, if anything, you must pay. We may require the non-network provider to bill Original Medicare for the services you received. We will then pay your Medicare out-of-pocket costs, such as coinsurance and deductibles. You will have to pay your copayments.

If you have questions about the HealthPartners® Freedom Plan, please call Member Services at 952-883-7979 or 1-800-233-9645, seven days a week from 8 a.m. to 8 p.m. TTY users should call 952-883-6060 or 1-800-443-0156. Or visit **healthpartners.com/medicare**.

Clinic and network providers

In the HealthPartners® Freedom Plan network, you may use the health care professionals, facilities and services listed in this directory without a referral from a primary care physician. Anytime you need care, you may choose to see any provider in this network. With limited exceptions, if you seek care from a provider who is not listed in this directory, your care is considered out-of-network and may not be covered.

Consult your Evidence of Coverage for benefits available to you. HealthPartners contracts with 30,648 providers of these types.

Skilled nursing facilities

For skilled short-term, subacute or rehabilitative care, you will be directed to one of the following transitional care facilities.

For skilled long-term care needs, HealthPartners has medical teams in many skilled nursing facilities. A HealthPartners medical team consists of a physician and nurse practitioner who specialize in geriatric care. They get to know you and the nursing home staff. This team approach helps to ensure a comprehensive care plan with caring, consistent, and timely attention to your medical needs. Medical care and services are delivered in the nursing home whenever possible. Contact your primary care provider to be directed to a skilled nursing facility with a HealthPartners medical team.

You may choose any long-term care facility as your permanent home within the HealthPartners® Freedom Plan service area. However, you must receive or be directed to receive skilled care services by your primary care provider. HealthPartners contracts with 196 facilities of this type.

Urgent/after-hours care

HealthPartners is ready to help you handle medical problems. For urgent care needs during clinic hours, please call your clinic. For urgent care after your clinic's regular hours, you have several options:

- Call your clinic's after hours line
- Call the CareLineSM service at 612-339-3663 or 1-800-551-0859 to speak to a registered nurse
- Walk in to any of the urgent care centers listed on the following pages

What is the CareLine service?

After regular clinic hours, call our CareLine service to talk directly with skilled nurses who are specially trained to help you over the phone. A CareLine nurse might suggest home care, a visit to your clinic the next day, a trip to an urgent care clinic, or a visit to an emergency room. Whatever your health care needs or questions, CareLine nurses will give you guidance based on the condition you describe and, if necessary, direct you to the facility that is most appropriate for your situation. They'll even contact the urgent care center so they're prepared to meet your needs when you arrive.

What urgent care centers are available?

The urgent care centers listed on the following pages are available to all HealthPartners members — just walk in. In addition, some clinics offer urgent care on site (see clinic listings). The urgent care centers affiliated with your regular clinic will most likely be able to get access to your medical records and more easily coordinate any needed follow up care. HealthPartners contracts with 61 facilities of this type.

The following information is provided in accordance with Minnesota Department of Health regulations, which regulate our fully insured health plans.

ENROLLEE BILL OF RIGHTS

- (1) Enrollees have the right to available and accessible services including emergency services, as defined in your contract, 24 hours a day and seven days a week.
- (2) Enrollees have the right to be informed of health problems, and to receive information regarding treatment alternatives and risks which is sufficient to assure informed choice.
- (3) Enrollees have the right to refuse treatment, and the right to privacy of medical and financial records maintained by the health maintenance organization and its health care providers, in accordance with existing law.
- (4) Enrollees have the right to file a grievance with the health maintenance organization and the Commissioner of Health and the right to initiate a legal proceeding when experiencing a problem with the health maintenance organization or its health care providers.
- (5) Enrollees have the right to a grace period of 60 days for the payment of each premium for an individual health maintenance contract falling due after the first premium during which period the contract shall continue in force.
- (6) Enrollees have the right to cancel an individual contract and receive full premium refund if cancellation is made within 10 days of receiving the contract. However, any claims incurred by a enrollee prior to cancellation will be the enrollee's responsibility.
- (7) Medicare enrollees have the right to voluntarily disenroll from the health maintenance organization and the right not to be requested or encouraged to disenroll except in circumstances specified in federal law.
- (8) Medicare enrollees have the right to a clear description of nursing home and home care benefits covered by the plan.

ENROLLEE INFORMATION

- (1) **COVERED SERVICES:** Services provided by the plan will be covered only if services are provided by participating providers or authorized by those providers, except for emergency care or urgently needed care or as provided under the travel benefit. Your contract fully defines which services are covered and describes procedures you must follow to obtain coverage.
- (2) **PROVIDERS:** Enrolling in this plan does not guarantee services by a particular provider on the list of providers. When a provider is no longer part of the plan's network, you must choose among remaining network providers.
- (3) **REFERRALS:** Certain services are covered only upon referral. Please see your contract for referral requirements. All referrals to providers outside the participating network and certain types of health care providers must be authorized by a participating network provider.
- (4) **EMERGENCY SERVICES:** Emergency services from providers who are not affiliated with the health plan will be covered only if proper procedures are followed. Your contract explains the procedures, benefits and limitations associated with emergency care from plan providers and non-plan providers.
- (5) **EXCLUSIONS:** Certain services or medical supplies are not covered. Please read your contract for a detailed explanation of all exclusions.
- (6) **CANCELLATION:** Your coverage may be canceled by you or by this plan only under certain conditions. Your contract describes all reasons for cancellation of coverage.

HealthPartners has several different kinds of reimbursement arrangements with its providers.

Our goal in reimbursing providers is to provide affordable care for our members while encouraging quality care through best care practices and rewarding providers for meeting the needs of our members. Several different types of reimbursement arrangements are used with providers. All are designed to achieve that goal.

Some providers are paid on a “fee-for-service” basis, which means that the health plan pays the provider a certain set amount that corresponds to each type of service furnished by the provider.

Some providers are paid on a “discount” basis, which means that when a provider sends us a bill, we have negotiated a reduced rate on behalf of our members. We pay a predetermined percentage of the total bill for services.

Some providers are paid a “salary” with a possible additional payment made based on performance criteria such as quality of care and patient satisfaction measures.

Sometimes we have “case rate” arrangements with providers, which means that for a selected set of services the provider receives a set fee, or a “case rate,” for services needed up to an agreed upon maximum amount of services for a designated period of time. Alternatively, we may pay a “case rate” to a provider for all of the selected set of services needed during an agreed upon period of time.

Sometimes we have “withhold” arrangements with providers, which means that a portion of the provider’s payment is set aside until the end of the year. The year-end reconciliation can happen in one or more of the following ways:

- Withhold arrangements are sometimes used to pay primary care, specialty, referral or hospital providers who furnish services to members. The provider usually receives all or a portion of the withheld amount based on performance of agreed upon criteria, which may include patient satisfaction levels, quality of care and/or care management measures along with the financial performance of HealthPartners. Certain factors are measured to

determine if the provider has satisfied the withhold criteria, such as patient satisfaction, survey results and compliance with industry standards for preventative services, clinical guidelines and care management.

- Sometimes the amount of the withhold that the provider receives is based upon “cost targets” for care expenses. If total care costs are less than the cost target, all or a portion of the withheld amount is returned to the provider after the end of the year. Such cost targets include “stop-loss” protections which reduce the chance that treating patients with costly illnesses will have a direct negative impact on the provider’s performance.

A provider may qualify to participate in a bonus program and receive additional payment if the provider meets certain performance criteria. Generally, these performance criteria are similar to the withhold criteria described above.

Some providers—usually hospitals—are paid on the “basis of the diagnosis” that they are treating; in other words, they are paid a set fee to treat certain kinds of conditions. Sometimes we pay hospitals and other institutional providers a set fee, or “per diem,” for each day or according to the number of days the patient spent in the facility.

Occasionally, our reimbursement arrangements with providers include some combination of the methods described above. For example, we may pay a case rate to a provider for a selected set of services needed during an agreed upon period of time, or for services needed up to an agreed upon maximum amount of services, and pay that same provider on a fee-for-service basis for services that are not provided within the time period or that exceed the maximum amount of services. In addition, although we may pay a provider, such as a medical clinic, using one type of reimbursement method, that clinic may pay its employed providers using another reimbursement method.

Please check with your individual provider if you wish to know the basis on which he or she is paid.
