Regions Hospital  
Delineation of Privileges  
Physical Medicine and Rehabilitation

Applicant's Name: ________________________________________________________________

Last   First         M.

Instructions:  
• Place a check-mark where indicated for each core group you are requesting.  
• Review education and basic formal training requirements to make sure you meet them.  
• Review documentation and experience requirements and be prepared to prove them.
  ✓ Note all renewing applicants are required to provide evidence of their current ability to perform
    the privileges being requested
  ✓ When documentation of cases or procedures is required, attach said case/procedure logs to this
    privileges-request form.
• Provide complete and accurate names and addresses where requested -- it will greatly assist how
  quickly our credentialing-specialist can process your requests.

### CORE I — General staff privileges in PM&R

#### Privileges

Admit, evaluate, diagnose, provide consultation to, and manage patients with physical and/or cognitive impairments and disability. Includes the diagnosis and treatment of patients with painful or functionally limiting conditions, the management of co-morbidities and co-impairments and the prevention of complications of disability from secondary conditions. May provide consultation to patients in the intensive care setting in conformance with unit policies. Assess, stabilize, and determine the disposition of patients with emergent conditions consistent with medical staff policy regarding emergency and consultative call services. The core privileges in this specialty include the procedures on the attached procedures list and such other procedures that are extensions of the same techniques and skills. This includes prescription of rehabilitative and restorative therapies, durable medical equipment/prostheses/orthoses, and use of modalities.

#### Basic education and minimal formal training

1. MD, DO or MBBS, MB BCH.
2. Completion of an approved residency program in PM&R with the ACGME, AOA or Royal College of Physicians and Surgeons of Canada;  
   *Or*  
   Currently enrolled in an ACGME, AOA or Royal college of Physicians and Surgeons of Canada approved residency training program in PM&R.
3. Current certification -- or active participation in the examination process with achievement of certification within 5 years -- in PM&R by the relevant American Board of Medical Specialties or American Osteopathic Board.

#### Required documentation and experience

**NEW APPLICANTS:**
1. Provide contact information for the person responsible for the applicant’s residency training;  
   *Or*  
   Provide contact information for the PM&R department chief of another hospital with which applicant has been affiliated for the past two years.

   Name: ____________________________________________  
   Phone: ____________________________________________

   Name of Facility: ____________________________________  
   Fax: _____________________________________________

   Address: __________________________________________  
   Email: ____________________________________________

2. Provide contact information for physician peer whom the credentialing specialist may contact to provide an evaluation of your clinical competence.

**REAPPOINTMENT APPLICANTS:**

1. Provide documentation of the performance of at least 20 motor point procedures in the past 24 months.
Core Procedure List — Physical Medicine & Rehabilitation

To the applicant: If you wish to exclude any procedures, strike those you do not wish to/are not qualified to.

This is not intended to be all-encompassing procedures list. It is reflective of the categories/types of procedures included in the core.

1. Performance of history and physical exam
2. Impairment and disability evaluations
3. Ergonomic evaluations
4. Fitness-for-duty evaluations
5. Independent medical evaluations
6. Routine nonprocedural medical care
7. Work determination status
8. Anesthetic and/or motor blocks (e.g., peripheral nerve, myoneural junction, sympathetic chain/ganglia, caudal, facet nerve/joint, epidural [interlaminar and transfominal], sacroiliac joint)
9. Arthrocentesis (both aspiration and injection [joints and bursae])
10. Chemoneurolysis (paralytic and nonparalytic; intramuscular, peripheral nerve, and cauda equina)
11. Interventional pain treatment, including intrathecal medication administration and electrical stimulation
12. Manipulation/mobilization (peripheral, spinal [direct/indirect], and cranial)
13. Serial casting
14. Soft tissue injections, including ligament, tendon, sheath, muscle, fascial, prolotherapy, trigger point
15. Management of intrathecal Baclofen pumps
16. Prevention, recognition and management of local anesthetic overdose including airway management and recognition
17. Performance and interpretation of:
   ✓ Ergometric studies
   ✓ Gait laboratory studies
   ✓ Muscle/muscle motor point biopsies
   ✓ Small, intermediate or major joint arthrogram
   ✓ Radiological and lab procedures, including fluoroscopy
   ✓ Work physiology testing, including treadmill and pulmonary EKG monitoring
   ✓ Joint or soft tissue ultrasound

ACKNOWLEDGEMENT OF PRACTITIONER

I have requested only those privileges for which — by education training, current experience and demonstrated performance – I am qualified to perform and that I wish to exercise at Regions Hospital. I understand that:

1. In exercising any clinical privilege granted, I am governed by Regions Hospital and Regions Medical Staff policies and rules applicable generally and any applicable to the particular situation.
2. In an emergent situation I may perform a procedure for which I am not privileged when no practitioner holding the applicable procedure is available to respond to the emergency.

I agree to supply Regions Hospital Medical Staff Services (or designee) with all the information that has been requested of me for the privileges that I have applied for. I also understand that my application for privileges will not proceed until the information is received.
