The information included in this list of covered drugs was correct as of 1/2024. To get the most current information, visit [healthpartners.com/mhcpdruglist](http://healthpartners.com/mhcpdruglist). If you have questions, contact Member Services at the number listed on this page. You can ask for a printed copy of this Medicaid List of Covered Drugs at any time.

DHS Accepted Date 11/16/2023

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.** Members must use HealthPartners network pharmacies to receive prescription drug benefits.

This list is subject to change and is not all-inclusive. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable. Note to existing members: This list of covered drugs has changed since last year and may change throughout the year. Please review this document to make sure the drugs you take are still on the list. Please contact Member Services at the number listed on this page with questions. You can also find updates to this list at [healthpartners.com/mhcpdruglist](http://healthpartners.com/mhcpdruglist).

If you have Medicare, you need to get most of your prescription drugs through the Medicare Prescription Drug Program (Medicare Part D). You must be enrolled in a Medicare prescription drug plan to get prescription drug benefits.

*\*This is also known as the Prepaid Medical Assistance Program (PMAP)*

## Civil Rights Notice

**Discrimination is against the law.** HealthPartners does not discriminate on the basis of any of the following:

- race
- color
- national origin
- creed
- religion
- sexual orientation
- public assistance status
- age
- disability (including physical or mental impairment)
- sex (including sex stereotypes and gender identity)
- marital status
- political beliefs
- medical condition
- health status
- receipt of health care services
- claims experience
- medical history
- genetic information

You have the right to file a discrimination complaint if you believe you were treated in a discriminatory way by HealthPartners. You may file a complaint and ask for help filing a complaint in person or by mail, phone, fax, or email at:

Civil Rights Coordinator, MS 21103K  
 Office of Integrity and Compliance  
 HealthPartners  
 P.O. Box 1309  
 Minneapolis, MN 55440-1309

1-844-363-8732 (toll free)  
 711 (TTY)  
 952-883-5522 (fax)  
 integrityandcompliance@healthpartners.com (email)

### Auxiliary Aids and Services

**HealthPartners** provides auxiliary aids and services, like qualified interpreters or information in accessible formats, free of charge and in a timely manner to ensure an equal opportunity to participate in our health care programs. **Contact** 1-866-885-8880.

### Language Assistance Services

**HealthPartners** provides translated documents and spoken language interpreting, free of charge and in a timely manner, when language assistance services are necessary to ensure limited English speakers have meaningful access to our information and services. **Contact** 1-866-885-8880.

### Civil Rights Complaints

You have the right to file a discrimination complaint if you believe you were treated in a discriminatory way by HealthPartners. You may also contact any of the following agencies directly to file a discrimination complaint:

#### **U.S. Department of Health and Human Services’ Office for Civil Rights (OCR)**

You have the right to file a complaint with the OCR, a federal agency, if you believe you have been discriminated against because of any of the following:

- race
- color
- national origin
- age
- disability
- sex
- religion (in some cases)

Contact the **OCR** directly to file a complaint:

Office for Civil Rights  
 U.S. Department of Health and Human Services  
 Midwest Region  
 233 N. Michigan Avenue, Suite 240  
 Chicago, IL 60601

Customer Response Center:  
 800-368-1019 (toll free)  
 800-537-7697 (TTY)  
 ocrmail@hhs.gov (email)

## Minnesota Department of Human Rights (MDHR)

In Minnesota, you have the right to file a complaint with the MDHR if you have been discriminated against because of any of the following:

- race
- color
- national origin
- religion
- creed
- sex
- sexual orientation
- marital status
- public assistance status
- disability

Contact the **MDHR** directly to file a complaint:

Minnesota Department of Human Rights  
Fairview Avenue North  
Suite 201  
St. Paul, MN 55104

651-539-1100 (voice) 540  
800-657-3704 (toll free)  
711 or 800-627-3529 (MN Relay)  
651-296-9042 (fax)  
Info.MDHR@state.mn.us (email)

## Minnesota Department of Human Services (DHS)

You have the right to file a complaint with DHS if you believe you have been discriminated against in our health care programs because of any of the following:

- race
- color
- national origin
- age
- disability (including physical or mental impairment)
- sex (including sex stereotypes and gender identity)
- religion (in some cases)

Complaints must be in writing and filed within 180 days of the date you discovered the alleged discrimination. The complaint must contain your name and address and describe the discrimination you are complaining about. We will review it and notify you in writing about whether we have authority to investigate. If we do, we will investigate the complaint.

DHS will notify you in writing of the investigation's outcome. You have the right to appeal if you disagree with the decision. To appeal, you must send a written request to have DHS review the investigation outcome. Be brief and state why you disagree with the decision. Include additional information you think is important.

If you file a complaint in this way, the people who work for the agency named in the complaint cannot retaliate against you. This means they cannot punish you in any way for filing a complaint. Filing a complaint in this way does not stop you from seeking out other legal or administrative actions.

Contact **DHS** directly to file a discrimination complaint:

Civil Rights Coordinator  
Minnesota Department of Human Services Equal  
Opportunity and Access Division  
P.O. Box 64997  
St. Paul, MN 55164-0997  
651-431-3040 (voice) or use your preferred relay service

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Important Information.....	2
List of Covered Drugs.....	9
Index of Covered Drugs.....	258

## IMPORTANT INFORMATION

### What is a list of covered drugs?

A list of covered drugs includes the prescription drugs covered by HealthPartners. The drugs on the list are selected by HealthPartners with the help of a team of doctors and pharmacists. HealthPartners will generally cover the drugs listed in the list of covered drugs as long as the drug is medically necessary, the prescription is filled at a HealthPartners network pharmacy, and other requirements related to the drug are followed.

Most drugs and certain supplies are available up to a 30-day supply. Certain drugs you take on a regular basis for a chronic or long-term condition are available up to a 90-day supply and are listed on the DHS 90-day Supply Prescription Drug List at [https://mn.gov/dhs/assets/90-day-supply-list\\_tcm1053-490928.pdf](https://mn.gov/dhs/assets/90-day-supply-list_tcm1053-490928.pdf).

### Does the list of covered drugs ever change?

The HealthPartners list of covered drugs can change during the course of a calendar year. If changes affect the coverage of a drug you are taking, HealthPartners will make reasonable efforts to contact you and your prescriber to tell you about the change. HealthPartners will also tell you about alternative drugs that are covered.

Examples of some changes that may occur are:

- A drug you are taking is no longer preferred. (Refer to “What is a Preferred Drug List?”)
- A drug is removed from the list of covered drugs for safety reasons.
- Prior authorization requirements have changed. (Refer to “Are there any restrictions on my coverage?”)

### How are drugs listed in the list of covered drugs?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), **or**
- You can search by drug type.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it in the back of this book. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the Drug List. Brand name drugs, generic drugs, and over-the-counter (OTC) drugs are listed in the index.

To search **by drug type**, find the list of covered drugs starting on page 9. The drugs in this section are grouped into categories by type. A category starts with a title in a gray row. Drugs are listed below the category. For example, if you are taking a medicine for migraines, you should look in the “Antimigraine Agents” category title in gray. That is where you will find drugs that treat migraines.

### What is a Preferred Drug List?

In Minnesota, all health plans are required to use the Minnesota Department of Human Services’ (DHS) Preferred Drug List (PDL). The PDL is created by DHS, in consultation with the Drug Formulary Committee, to let prescribers and members know about drugs or drug classes that are cost effective. Generally, drugs that are “preferred” are more cost effective and drugs that are “non-preferred” are less cost effective. Preferred drugs are available to members with fewer restrictions. Non-preferred drugs require a prior authorization. To get a non-preferred drug, your doctor or health care provider must get prior authorization. The PDL is included as part of HealthPartners’ list of covered drugs. HealthPartners’ complete list of covered drugs includes other drugs in

addition to those on the PDL. The PDL is available on DHS's website at <http://minnesota.magellanmedicaid.com/pdl.asp>.

### **What are generic or biosimilar drugs?**

A generic drug is approved by the Food and Drug Administration (FDA) and has the same active ingredients as the brand name drug. It produces the same clinical effect as the brand name drug.

A biosimilar drug is an FDA-approved biologic drug (most often an injectable prescription drug) that is highly similar to an already-approved biological product. It has no clinically meaningful differences in terms of safety and effectiveness. Biosimilar drugs are not the same as generic drugs, but like generics, biosimilar drugs may offer more affordable treatment options.

Generic or biosimilar substitution means a generic version or biosimilar version of a drug is given instead of the brand name or non-biosimilar version of the drug.

HealthPartners will cover the brand name or non-biosimilar version of the drug only when:

1. Your prescriber informs HealthPartners in writing that the brand name or non-biosimilar version of the drug is medically necessary; OR
2. HealthPartners may prefer the dispensing of certain brand name versions over the generic or non-biosimilar version over the biosimilar version of the drug; OR
3. Minnesota law requires the dispensing of the brand name or non-biosimilar version of the drug.

Within the list of covered drugs, brand name drugs are capitalized (e.g., HUMALOG) and generic drugs are listed in lowercase italics (e.g., *atorvastatin*).

### **What are over-the-counter drugs?**

Drugs and products that are available for purchase without a prescription are referred to as over-the-counter (OTC). Although an OTC product is available without a prescription, if a doctor writes a prescription for an OTC product, HealthPartners may cover it. Within the list of covered drugs, OTC drugs and products are marked with an OTC symbol.

### **What are specialty drugs?**

Specialty drugs are used by people with complex or chronic diseases. These drugs often require special handling, dispensing, or monitoring by a specially trained pharmacist.

If you are prescribed a drug that is on the HealthPartners Specialty Drug List, your prescriber will need to send the prescription to one of HealthPartners' specialty pharmacies listed here.

Sun: Closed

<https://www.cvsspecialty.com/wps/portal/specialty>

You will also need to call the specialty pharmacy where your prescription is sent to set up an account. You will need to have your HealthPartners member identification card when you call the specialty pharmacy.

### **What if a drug is not on the list of covered drugs?**

Not all drugs are covered. If a drug you want to take is not listed in the list of covered drugs, you can call Member Services at **952-967-7998** or **1-866-885-8880**, TTY **711**, and ask if the drug is covered. If not, it is considered a “non-formulary” drug. If you need a drug that is not included in the list of covered drugs, you can ask HealthPartners to make an exception to cover it. You can also ask us to change the rules on your drug. For example, HealthPartners may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more. You can also ask us to drop step therapy restrictions or prior authorization requirements.

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. Once a complete request is submitted by your provider, we will give you a decision on your exception request within 24 hours.

### **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include the following:

- **Prior authorization:** HealthPartners requires you or your doctor to get prior authorization for certain drugs. This means that you will need to get approval from HealthPartners before you fill your prescription. If you don't get approval, HealthPartners may not cover the drug.
- **Quantity limits:** For certain drugs, HealthPartners limits the amount of the drug that we will cover.
- **Age requirements:** Some drugs have age requirements. A prior authorization may be needed depending on your age and the specific drug prescribed.

You can find out if your drug requires prior authorization, has quantity limits, or has an age requirement by looking in this list of covered drugs. An exception to a drug restriction or limit can be made if your doctor submits a statement or documentation supporting the request. Refer to *Prescription Drugs* in Section 7: Covered Services of your Member Handbook for more information. You can also get more information about the restrictions applied to specific covered drugs by calling Member Services at **952-967-7998** or **1-866-885-8880**, TTY **711**, or by visiting our website at [healthpartners.com/mhcpdruglist](https://healthpartners.com/mhcpdruglist). Also refer to “Can I ask for an exception to the coverage restrictions?”

● **Excluded drugs:** Some drugs are excluded from the list of covered drugs. This means they are not covered.

Excluded drugs include the following:

- Drugs used to treat sexual or erectile dysfunction
- Drugs used to enhance fertility
- Drugs used for cosmetic purposes, including drugs to treat hair loss
- Drugs excluded from coverage by federal or state law
- Experimental drugs, investigational drugs, or drugs not approved or authorized by the Food and Drug Administration (FDA)
- Medical cannabis

**Can I ask for an exception to the coverage restrictions?**

Yes. You or your health care provider can get the Pharmacy Administration – Prior Authorization/Exception Form from <https://www.healthpartners.com/hp/pharmacy/forms/index.html> or by calling Member Services at **952-967-7998** or **1-866-885-8880**, TTY **711**. Your provider must return this form to the fax number or address listed on the document. To allow for a thorough review and to ensure that you or your health care provider gets a response within 24 hours, all information requested in the form should be provided, including documentation of which medications have been tried and failed, including the dosages used, and the reason for failure (e.g., side effects).

**What will a prescription cost?**

As of January 1, 2024, Medical Assistance covered drugs no longer have copays. You do not have cost sharing for drugs covered under Medical Assistance. MinnesotaCare members do have copays. All copay information for prescriptions is listed in the Member Handbook in Section 6: Cost-Sharing. If you have additional questions, call Member Services at **952-967-7998** or **1-866-885-8880**, TTY **711**, or visit our website at [healthpartners.com/mhcpdruglist](https://www.healthpartners.com/mhcpdruglist).

## LEGEND

TYPE	DESCRIPTION
<b>P</b>	Preferred Drug
<b>NP</b>	Non-Preferred Drug
<b>C</b>	Covered
TYPE	DESCRIPTION
<b>QL</b>	Quantity Limit There is a limit on the amount of this drug that is covered per prescription, or within a specific time frame.
<b>PA</b>	Prior Authorization You (or your physician) are required to get prior authorization before you fill your prescription for this drug. Without prior approval, we may not cover this drug.
<b>ST</b>	Step Therapy In some cases, you may be required to first try certain drugs to treat your medical condition before we will cover another drug for that condition.
<b>AL1</b>	Age Limit This prescription drug may only be covered if you meet the minimum or maximum age limit.
<b>S</b>	Specialty Drug Specialty drugs are high-cost drugs used to treat complex or rare conditions, such as multiple sclerosis, rheumatoid arthritis, hepatitis C, and hemophilia.
<b>AQ1</b>	Age Quantity Limit There is a limit on the amount of drug covered per prescription, or within a specific time frame. Must also fall into the specified age range.
<b>MED</b>	Medical Drug Medicines marked with this symbol are not on the formulary, but may be covered under your medical benefit. Go to <a href="https://www.healthpartners.com/public/coverage-criteria/">https://www.healthpartners.com/public/coverage-criteria/</a> for criteria or log on to your secure account.
<b>QLC</b>	Quantity Limit (Custom) There is a limit on the amount of this drug that is covered.
<b>TD</b>	Trial Drug Medicines marked with this symbol are in a trial drug program. The first 6 fills may be limited to less than a month supply. If tolerated and effective you will receive the remainder of the supply and pay no more than one copay for each full month supply.

**OP** Opioid Program

New users will be limited to a 7 days supply for their first fill, and a total of 14 days supply for each episode. Longer therapy requires prior authorization: Provider attestation, that therapy for this patient is being managed per standard opioid prescribing guidelines, including assessment and documentation of risk factors for chronic opioid use.

**ONC** Oncology

Oncology (cancer) medicines must be filled at a specialty pharmacy, but are not subject to the specialty benefit. Your regular generic or brand pharmacy copay or coinsurance will apply.

**OTC** OTC Drugs

Medicines marked with this symbol are considered over the counter
